

***ATTN: TRAINING OFFICERS AND ALL INVESTIGATORS***  
***Turn every investigator into a "walking polygraph"!***

**The LSI Basic Course on SCAN and LSI Advanced Workshop on SCAN will be held in Seattle, Washington on January 18-21, 2011.**

Both courses are also available **online** in 3-week sessions at [www.LSISCAN.com](http://www.LSISCAN.com), enabling investigators to learn the SCAN technique at any time or place that is convenient for them.

**SCAN by LSI**, sometimes referred to as "statement analysis" -

- is a unique, effective technique for obtaining information and detecting deception strictly by means of verbal communication.
- **SCAN** (Scientific Content Analysis) gives you the maximum information from every interview.
- in preliminary screening, **SCAN** eliminates individuals who are not involved, enabling you to concentrate on the real suspects.
- **SCAN** taps the most effective source of information - the person's own words!

**SCAN gives the investigator a major effective tool** for obtaining information and detecting deception from every statement. SCAN transforms the investigator from an ordinary "collector of information" into a "walking polygraph".

**SCAN will reduce the time of investigation** for your department; it will avoid costly unnecessary investigation, thus saving money, work time, and manpower; **and it will solve cases that otherwise would be left unsolved.**

Immediately following the basic course, The LSI SCAN advanced workshop will give the student hands-on guided practice in analyzing statements for various types of cases, enabling the student to utilize his/her knowledge of the SCAN technique in a more efficient and effective way.

***Training your personnel in the SCAN technique will be the best investment in their law enforcement career!***

**Tuition fees:** Basic Course: US\$600 per student (or US\$450 for groups of two or more students)

Advanced Workshop: US\$375 per student

Combined tuition for the Basic Course and Advanced Workshop: US\$800

Special discount rates are available for the online course, and for large groups.

Registrations may be paid by check (payable to LSI), credit card or purchase order. All rates are in US dollars.
